PART OF QUARANTINE WHARF.

Commissioner General of Immigration Sargent effected arrangements yesterday whereby he will take over temporarily a portion of the Channel wharf for use as an immigration station for this port, until the regular station shall have been constructed. A portion of the Channel wharf is now used for quarantine purposes by the Marine Hospital authorities. A large portion of the wharf will be used by the immigration authorities. Commissioner General Sargent says that the immigrants are not to be sent to the quarantine island as formerly, but will be detained at the new station. The quarters on the wharf will probably be ready to receive the immigrants due on the Coptic tomorrow.

NEW LINE IN OPERATION.

SAN FRANCISCO, May 5.—Two of the big steamers of the China Commercial Steamship Company are en route to this Coast from Hong Kong. The Atholl left there nearly a month ago to call at Japanese ports and Manzanillo before coming here, and the Ching Wo left Hongkong on April 25th with instructions to follow the same route. Both will bring considerable freight and large quantities have already been secured for the return trip to China.

PANNING ISLAND'S POSITION.

SAN FRANCISCO, May 5.—Civil Engineer Werry, who was sent by the Canadian Government to determine the exact position of Panning Island, in connection with the establishment there of a station of the British-Australian cable, because the little island was said

to have been erroneously charted, has found that the latitude was 26 sec. too far north. The longitude as shown by the admiralty chart is correct.

BASEBALL PARK.

At a meeting of the trustees of the baseball park yesterday afternoon the contract for grading the grounds and building the fence was let to J. W. Sprinston. Lucas Bros made the lowest bid for building the grand stand, \$5,300. The contract will be awarded to them but some changes will be made in the plans so as to reduce the cost. The bid of Allan Dunn for the score card privilege was accepted, he offering twenty-five per cent of the advertising receipts in connection with it. He also offered to furnish a score board on the grounds if he were allowed advertising privileges in connection with it. No action was taken on this until the general question of advertising on the grounds is taken up. Ulysses Harris was given the chair privilege at Punahou for \$20.

BROUGHT OIL FROM THE COAST.

The S. S. Whittier arrived yesterday afternoon from San Francisco via Kahului, with 12,000 barrels of oil for the Union Oil Company. She towed the barkentine Fullerton to Kahului and left her there yesterday morning and then came on to this port. The Fullerton had 15,000 barrels of fuel oil.

Time and Money.—Sickness causes a loss of both time and money. You lose the time and have the expense of medical attendance, entailing a double loss. This can be avoided by using some reliable remedy at the first stage of the sickness. The purchase of a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy often proves a profitable investment, for, by its use at the first appearance of any unusual looseness of the bowels, a severe attack of diarrhoea or dysentery may be averted, that might otherwise compel a week's cessation from labor. Every household should have a bottle at hand. It never fails and is pleasant to take. Get it today. It may save a life. For sale by all dealers, Benson Smith & Co., general agents.
